**WARN MOTORISTS** of speed zone on Francis Rd. Sheriff Martin Jackson requested County Highway Engineer Roy Cousins to post the warning signs ahead of the speed limit signs and this has been done. Prior to Sheriff Jackson's request travelers on Francis Rd. did not know there was a stretch of some two miles posted with a 30 m.p.h. limit until they were in it. Not wanting anything in his jurisdiction to resemble a speed trap Sheriff Jackson asked for the warning signs on Francis Rd. The limit along there was 45 m.p.h. several years ago and then residents asked that it be reduced because too many drivers were taking the road at 55 or 60 miles an hour. In downstate counties speed can be fixed in unincorporated areas according to the number of driveways in a quarter mile and in the case of Francis Rd. the county highway department set the speed at 30 m.p.h., a limit few observe, including those who reside in the stretch, it was said. Most of the users of this road travel 35 to 40 miles an hour in the 30 mile zone, checks reveal. (Graphic Newspapers photo)

**TAKES IT ALL** -- Maureen Kennedy, a member of the Homer Fireflies 4-H Club had the grand champion and the reserve grand champion of the beef division in the annual Will County 4-H fair at Francis Field. The grand champion this year is a Hereford steer and the reserve grand champion an Angus. With Miss Kennedy are the champion showmen, John Francis, (left) of Wilmington, junior, and Don Jungles, Homer (right), senior. (Graphic Newspapers photo)

The three-day show covered every endeavor of the 4-H program. While all of the exhibits had many visitors it was the dairy and beef shows and the dress revue that appeared to claim the most spectator interest.

## Soil-Water Group Has State Meeting

The Association of Illinois Soil and Water Conservation Districts held its annual summer conference at the Holiday Inn, Springfield, July 31-Aug. 1.

The major business for the conservation directors was to consider a change in the by-laws of the soil and water conservation districts to permit districts to change council boundaries. The new boundaries would be determined by areas of common interests and resources. A soil and water conservation district council could then better assist developers in an urban expanding area like Chicago or East St. Louis.

"The construction of shopping centers and super highways destroys the earth's protective cover just as surely as the plow", says Hillard Morris, president of AISWCD. "Therefore, we hope to acquaint more non-farm owners with sound methods of soil and water use to prevent waste, damage and ugliness."

Gov. Kerner was scheduled to speak at Tuesday's luncheon.

Elmer Smith agricultural representative for Caterpillar in Peoria and winner of the "Watershed Man of the Year" award in 1965, was

the featured speaker Monday. Smith discussed the role which industry can play in soil and water conservation.

Monday evening was highlighted with a cook-out and presentation of the Goodyear awards to the two outstanding soil and water conservation districts in Illinois, Will-South Cook and Saline County. The outstanding farmer and district director from each of these districts will be guests at Goodyear's demonstration farm in Arizona in December. Selected to attend from the Will-South Cook District are Robert Burch of Route 1, Lockport, outstanding farmer, and Richard McHugh of Manhattan, director.

Illinois has 98 organized soil and water conservation districts. Over 200 district directors, their wives and other conservationists will be attending the 2-day conference. Representing the local district will be Chairman and Mrs. William Stalter of Tinley Park; Mr. and Mrs. Richard McHugh of Manhattan; Mr. and Mrs. Robert Burch and Mr. and Mrs. Loren Sass of Route 1, Lockport and Allan D. May and Warren R. Townsend, Conservationists from Soil Conservation Service.

# Warden Pate Addresses Lions Club of Mokena

Warden Frank J. Pate, head of the Illinois State Penitentiary, will be the guest speaker at the regular July meeting of the Mokena Lions Club tonight at Arch Inn.

Warden Pate's headquarters are at Stateville but he also has charge of the other prison facilities in the area, the "Old Prison," as it is still called at Joliet and the diagnostic center across the street what at one time was the women's prison, and the Honor Farm which lies behind and both sides of Stateville prison.

The warden will describe the various facilities and the prison system. And since tomorrow (Friday) will be graduation day at the Stateville Branch, which is the educational center for the prison.

Warden Pate is quite proud of the educational system that has been developed at Stateville and is unique in the penology field.

## League "A" Team To Play Every Monday

MRS. EMIL WILLE  
Telephone: 469-5277

The "A" team of the Lincoln Estates Little League will play a game every Monday evening at the local diamond at the Ann Rutledge school. The games begin at 6:15 p.m.

Mr. Fred ZumMallen and daughter Mildred of Homewood, Mr. and Mrs. Al ZumMallen and children Mary, Carl and Michael and Mrs. Luella Tyler have returned from a ten day vacation and fishing trip spent at Grand Rapids Minnesota.

Mr. and Mrs. Robert Wheeler entertained Sunday at a farewell party in honor of Mrs. Harriet Bissel who is moving to California in the near future. There were about forty guests present.

Mr. Jerry Kovar had the misfortune of falling and breaking his leg Sunday. He

He will tell the Lions that at tomorrow's ceremonies 20 prisoners will receive grade school diplomas; 242 will get certificates showing they have completed high school and there will be 17 receiving college associate of arts degrees, seven with honors.

And for the first time since the prison school system has started that relatives and friends of the graduates will be permitted to attend the exercises.

The commencement speaker will be Joseph Meehan, director of the Back of the Yards Neighborhood Council (Chicago) and other present for the affair will be Leslie Holmes, president of Northern Illinois University; Brother Paul French, president of Lewis College; Dean James Zigerell, of Chicago City College, and Thomas Mann, of Springfield, state director of adult education.

The graduation ceremonies will begin at 1:30.

Operation of the four penitentiary branches is a big business. Right now the count for the four institutions is the lowest it has been since right after World War II, the Warden said. The present count is 3,724. Shortly after World War II, it was down to 3,600. But for many years it ran over 5,000.

In feeding 3,700 men food is not reckoned in pounds, but tons. Inmates farm the 2,200 acres of the Honor Farm and in addition to that land the state has leased some 200 adjacent acres. Farm produce not consumed in the area institutions is transported to other state institutions. Besides the fresh produce consumed, some 200,000 gallons are canned at Stateville each year. Right now the pea harvest is on and by the time it is over some 25,000 gallons will have been canned. Two bakeries turn out some 1,200 loaves of bread daily and they are odd looking bakeries indeed, as not a speck of flour is visible on floors, walls or ceiling after they are cleaned at the end

of a day.

Most farmers plan their pigs for spring and fall but at the Honor Farm pigs are raised the year around and they run into the thousands. About 800 head of feeder cattle are raised annually for butchering.

The prime objective of the system, Warden Pate declared, is the reclamation of the inmate. Besides having the opportunity to get an education they also can learn trades that should help them outside. At Stateville there is a furniture factory, a soap factory, a metal fabricating department where metal desks, filing cabinets, sinks, cabinets, hospital beds and other items are produced. There is also a book bindery there and a garment factory.

At the Old Prison blankets and other cloth are made in the textile mill. There is also a shoe factory there; a tin shop where garbage cans and many other containers and items are made, and a mattress factory. Besides cotton mattresses there are also those of foam rubber that are used in state hospitals. Sale of the goods produced at the prison are limited to taxing bodies.

The prison has also changed with the time. Instead of tasks invented to keep inmates hands busy and provide them with something to occupy their time, modern machinery has been installed such as would be encountered outside.

Several hundred inmates are also studying drawing and painting and a number of them have become quite talented. There was an art show this spring at which many of the paintings and drawings were sold. There will be another show this fall, probably in September it was said.

## Emil Groth Dies; Area Life Resident

Born Oct. 27, 1899 at Wallingford, Ill., he had lived in this area his entire life,

## Mokena Girl Has Visitor From Japan

In the summer of 1964, Marjorie Olson, 193d St. Mokena, then a senior at Lincoln-Way High School, spent several months in Japan as a part of the student exchange program sponsored by the Lions Clubs International. Now in the summer of 1967, Marjorie, a junior at Quincy College, Quincy, Ill., has as her guest Michiko Maeda, with whom she spent most of her stay in Japan.

Miss Maeda arrived at O'Hare Airport about 5 p.m. Saturday where she was met by her hosts. She finished high school in April, 1965, and then went to work with one purpose in view—to earn enough money to come to America for a visit.

She plans to stay six months and when college classes resume in September she will go to Quincy with Marjorie and stay with her there.

MRS. VIRGINIA BOOK, second from left, of 11022 Third St., wife of Mayor Eric Book of Mokena, was recently capped at Oak Forest Hospital, 159th & Cicero, by Miss Donna Herbst, left, Educational Director of the Hospital's School of Practical Nursing. Others being capped are Mrs. Janet Crutchfield, 8701 W. 169th Ave., and Miss Diane Sinicin, McHenry, Ill.

She is a graduate of Lincoln-Way high school and Joliet Junior College. Her office will be in her home. (Behnke Photo)

## Lunch Program

Superintendent Chapman gave a summary to the Board of Education of the year's lunch program. Since all students and school personnel eat daily at the school, the operation is one of considerable magnitude. The program at Lincoln-Way has always been entirely self-

supporting, with the past year showing a small profit.

There were 51,286 hot lunches served to the students, along with 6,987 to the adults. Approximately 60% of the students prefer eating in the snack bar, where a wide variety of food is available.

Other CS teachers attending college classes, working on advanced degrees are Phyllis Goll, PE, Michigan State; Mrs. Lynne Driskill, PE, George Williams; Mrs. Judy Johnstone, English, Purdue; and Mrs. R. L. Bimm, business, who will take a data processing course.

Others are Cliff Eade, PE, Northern Illinois University; Jack Tucker, chemistry, Hope College; James Zimmerman, social science, Illinois; David Montgomery, business, Indiana; and Dennis Tenk, social science, who will attend a NDEA history institute at the University of Virginia. James Matthews, journalism, will attend a Wall Street Journal sponsored newspaper workshop at the University of Minnesota.

Stagg High teachers returning to campus are Judith Boyer, science, Illinois State; Sarah Stephens, English, Iowa; and Eileen Schreier, social science, who will be at Georgetown, working on her PhD.

Working and travel will keep many other teachers occupied. EXPO in Montreal is the destination of Frank Wing, CS science; Mrs. Barbara Friker, CS English; and Robert Beland, CS music.

A ten-day canoe trip into the wilds of northern Minnesota is CS counselor Mrs. Jean Leever's plan. She also plans to visit EXPO.

Stagg teachers Nancy Link and Norval McCord have interesting jobs lined up. Miss Link, PE, will be working in rehabilitation and on a new adolescent program at Tinley Park State Hospital. McCord will be visiting lecturer and chemical analyst with the South Cook County Mosquito Abatement District.

George Carroll, Stagg art teacher, will work as an independent potter in northern Wisconsin. Karen LaReau, Stagg English, will be employed at the National Camp of the Fine Arts, in Interlochen, Mich.

Herb Rober, Sandburg industrial arts, will do freelance writing for Hitchcock Publishing Co., as well as keeping books for Standard Oil on the tollway.

# Open House To Honor Local Volunteer Fire Department

MRS. DOLORES ANDERSON  
Telephone: 485-2365

The New Lenox Volunteer Fire Department will celebrate its 25th anniversary of the organization, on Saturday, August 5th. They will hold an open house, in honor of the occasion from 6 p.m. until 9 p.m. that night at the Fire barn, Church street, and Route #30. All equipment will be on display for inspection, and all questions will be answered.

The fire department, known as the New Lenox Fire Protection District covers an area of 36 square miles around the town of New Lenox. It has 2,500 homes to protect, and at the present time is a Class "A" department.

There are 37 volunteers who make up the personnel of the department from many varied walks of life. They range from office clerks to construction men, store clerks to policemen, and they are molded into one unit to combat loss of life and material caused by fire. Their equipment consists of 3 pumpers, 2 tankers, one equipped with a pumping unit, and an emergency truck. The emergency truck has an inhalator, carried at all times and can be manned by volunteers trained to use this apparatus.

In the past, the money raised by the firemen was used to buy coats, boots, and helmets used for their protection while fighting fires. They also purchased home radio receivers to en-

able men outside the range of the siren to be alerted and respond to fire calls. For the past two years, the firemen have been supporting the needs of the department by standing fire guard at the schools and emergency first aid guards at the Horse shows and 4-H fairs.

The department intends to continue the school duty, but it does not produce enough revenue to support all the needs and buy equipment. Prizes will be awarded. Your taxes pay for the trucks, the barn, and the hose that they use. The added support of the public buys the very useful extras that the department now needs. They hope that they will not have to be of service to you, but if needed, you can be sure they will be there.

Mildred Minuth, a Certified Teacher and Judge for the United States Twirling Association, will attend their National Baton Convention, Aug. 6 to 13, in Washington, D.C., and will have with her, both Mary Jean Novy and Mary Jo Halderson, who will compete in nation-wide Baton Competition. Mary Jean will compete in 17-year-old Solo Twirling, and Mary Jo in 12-year-old Solo Strutting. All three are members of the "Dan-Dees" Drum and Baton Corps of New Lenox, and Joliet.

# Little League To Play Manhattan

A wild pitch in the final inning enabled the Little League Mokena Twins to squeeze by the New Lenox Savings Yankees by the score of 5-4 last Thursday. New Lenox had previously won thirteen and lost one.

With the help of a two run double by Bill Patterson, the Twins entered the final inning trailing 4-3. Gerry Thomas then hit the first pitch for a game tying home run. Scott Holladay then drew a walk and eventually scored on the wild pitch. Dave Morrow, pitching a strong game, received credit for the victory.

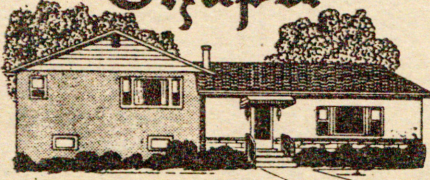

The Twins now have an eight and seven record with one regular season game left. They will then open up in the Shaunnessy Play-off, probably against Manhattan.

The Mokena Couples Bridge Club met July 23 at the Silver Lake Country Club. Co-hosts were Corrine and Ed Mazurek and Virginia and Curt Lanham. Prize winners were Wes Cappel, Elsie Helgerson, Bob Snyder, Mary Gradwell, and Grace Mitchell.

## Open Letter from the HIRSCHS'

Dear friends,

The expression, "Every laborer is worthy of his hire" has withstood the challenge of time. Adequate compensation for services rendered is essential to all progress or to the continuation of any business or professional firm.

However, the public has a right to expect, that through the use of sound business and pricing principles, they too will receive proper values. The best interests of funeral service are dependent on what is in the best public interest.

Respectfully,

*Carl Hirsch*

## Arbury Hills

## Area Girl Scout Leaders And Scoutmaster Needed

MRS. EDWARD HOVI  
Telephone: 479-5740

Five of the Junior Girl Scouts from Arbury Hills two Junior Girl Scout Troop, spent two weeks at the camp in Poland, Ind. During the first two week session of the camp, Diane Gunty and Susan Kilgore represented our community. The second session had the remaining three girls present. These three girls were: Nancy Dickerson, Cathy Tanis, and

Mary Arcuri.

Ladies and gentlemen, if you can spare some of your valuable time, and have an interest in young people, consider spending some time as a scout leader.

There is a great need for leaders in the Girl Scout program in Arbury Hills in all categories from Brownies on up. It does take up time, but there is a satisfaction which can never be bought. If you are interested

in participating in the Girl Scouting program please contact Mrs. Alice Kilgore at 479-5369.

There will also be a need for a new Cub Scoutmaster in the fall. Fran Crones, who has been Cub Scoutmaster for the past year and one-half, is retiring and a new leader is needed. Mr. Crones graciously stepped in when the previous Cub Scoutmaster moved from the area, but he now would like to turn the job over to another. If you would be interested, please contact Mrs. Crones at 479-5038.

Sure hope that everyone managed to get past the headline for Arbury Hills column last week. The real date for the Baseball League ice cream social is Sunday evening, Aug. 6, not Aug. 1 as the headline states.

The baseball players will

be canvassing the area door-to-door to give each resident an opportunity to purchase his ticket. The tickets for the social will be 35¢ per person and will include ice cream, and cake or pie. There will be soda pop and coffee available for those who want it.

There will be a father-son baseball game to add to the enjoyment of the evening. It will be between the Colt Team and their fathers. We will all have the chance to see whether dad can still catch a baseball and can still run to first base.

The festivities will begin

at approximately 6:00 p.m. and will continue until about 8:30 p.m. This will not be for Arbury Hills only. We welcome with open arms anyone and everyone who would be interested in stopping over.

-0-

The Boy Scouts are expected home tomorrow from their camping trip at Black River Falls, Wisconsin. They left Arbury Hills early on Saturday morning.

On their return home, they are to stop off at the Wisconsin Dells for one day to take in the annual Indian Festival including Indian

dancing.

During their stay the boys are expected to do some fishing, in addition to their work on their ranks and merit badges.

## Gets Grant For Library

The grant, funded under the U.S. Library Service and

Construction Act, is conditioned on making functional changes in the architectural design as submitted to the State Library Advisory Council and on a referendum of the voters of the area.

BY: RICHARD DELANO  
COOK COUNTY ASSISTANT  
FARM ADVISER IN  
ORNAMENTAL  
HORTICULTURE  
AND  
FLORICULTURE

Nothing tastes as good as vegetables from the home garden. This probably is partly because of the freshness and quality and partly because of the sense of accomplishment.

Probably the all time favorite home garden vegetable is the tomato. This is in spite of the fact that tomatoes take quite a bit of care. You can't just plant them and forget them for best results.

For example, you'll find that you'll have more fruit and cleaner fruit if you stake and prune. If the tomatoes have been growing on the ground, staking will be more difficult now because the stems are prostrate. However, you can use twine or twisties to lift the branches in a semi-upright position.

Pruning is done simply by removing the new shoots that form in the leaf axils below the first fruit cluster. If you've not pruned this year you may want to restrict your pruning to the lower portions of the side branches themselves.

Above the first cluster of fruit allow the suckers or side branches to develop two sets of leaves and then pinch out the growing tips.

Diseases in tomatoes can be reduced by regularly spraying, dusting with maneb or zineb. Five day intervals give good control during dry weather. However, certain diseases as fusarium wilt cannot be controlled by spraying or dusting. These soil born diseases are prevented by planting resistant varieties.

There's a trick to picking tomatoes too. They are ready for harvest when they show a pink color. Not when they are completely red. However,

when the temperatures are very high pick when they are green and just starting to turn color. Then keep them in the basement where the temperature will be around 68 degrees for complete ripening. Tomatoes ripened on the vine during very hot weather has a poor flavor and less firmness than fruit picked greener and allowed to ripen in a cool dark place.

Although selective pruning or trimming of leaves from tomatoes produces fruit with better color, less sun-scald and fewer cracks, indiscriminate pruning is bad, worse than no trimming at all.

Plants have three main parts. Roots, gather water and food building minerals and send them through the stems to the leaves. There they manufacture with the aid of sunlight sugars and other materials which are stored in the fruit, root or stem.

Leaves also take in carbon dioxide directly from the air to combine with water to form sugar and starch. Thus green leaves are plant factories, and a good growth of them enables a plant to produce a good supply of fruit. Selective pruning of tomatoes is fine, but removal of tops of squash, muskmelons and water melon, only reduces the sugar producing areas of the vine.

# Homeowners Meet, Select Officers

JAMES PEYTON  
Telephone: 532-1516

The Tinley Gardens Homeowners Association regular meeting will be held Monday, August 7, at the home of Julius Sandy, 9307 Ethyl Lane at 8:00 p.m. This meeting is important to the members as the time is drawing near when we shall have to start selecting qualified people to replace the present officers. All who are interested please come out to the meeting and state your intentions so that we may continue to have a profitable organization.

Alan Scholten (Cherie Peyton's fiance) after being home for a weekend leave returned to Fort Knox, Ky. only to find out that he would receive a twelve day leave before being sent to Frankfurt, Germany for the last fifteen months of his hitch. Yours Truly is also on vacation these two weeks so needless to say we are having a ball.

we are not going to put up with this kind of willful destruction of property any longer.

The entire community wishes to offer their sympathy to Mrs. W.J. Cobb (Sarah) of Lenore Lane on the recent illness of her father who lives in Alabama. The nature of his illness

\$1639<sup>00</sup>

What's the catch?

There isn't any.

\$1639 is the suggested retail price at the port

of entry for the VW Sedan.

The price includes federal excise tax and im-

port duty.

It includes the built-in heater/defroster, wind-

shield washer, electric windshield wipers and dual

padded sun visors.

It's the price of the real thing; not a stripped-down

economy model.

What else do you have to pay?

The charge for transporting the car from the

port of entry. The dealer delivery charge.

And local sales tax.

There is one optional that makes a lot of sense:

the matching leatherette upholstery, for \$30.00 extra.

Nearly everyone orders it because it eliminates the

need for slip covers. And that's it.

(Unless, of course, you count the cost of gas and

oil it takes you to get here in your present car.)

Now at our new location . . .
